

# Buffer Law Implementation

## BWSR Grant Profile

September 6, 2017

### Grant Description

These grants provide funding and assistance for buffer law implementation. Eligible activities include assistance to support drainage system mapping and map review, landowner outreach, landowner technical and financial assistance, equipment purchases, and other buffer law implementation activities.

### Reporting Overview

A workplan is required for grants issued FY18 and beyond. Grantee progress reporting should refer to the activities indicated in the workplan (for FY17 grants, refer to the original external funding request submitted to BWSR), as BWSR's Board Conservationist will refer to the funding request form when reviewing reports. Grantees should report expenditures and "Actual Results" in eLINK under the appropriate activity categories.

Funding is provided through the Clean Water Fund, making these grants subject to all Clean Water Fund reporting requirements, including use of the Legacy logo where applicable and practicable. If staff time will be used under this grant, please use the Rates and Hours tool in eLINK to enter the estimated Full Time Equivalent (FTE) employees funded through this grant.

### eLINK Reporting Requirements

**Type:** Clean Water Fund – Subject to all CWF requirements, including use of the Legacy logo.

**Administered by:** BWSR
